

**Issue Date:** April 2013

**Call for Grant Notification:** Scientific Project/Research and Fellowship Applications  
**Therapeutic Area:** Endocrinology: Growth Hormone Disorders

Genentech, a member of the Roche Group, is actively seeking applications for financial support of scientific projects and fellowship programs subject to the terms described below. This Call for Grants Notification (CGN) provides public notice of the availability of funds for research projects with a scientific basis and accredited fellowship programs.

**Purpose**

As part of our scientific mission, Genentech provides grants for scientific projects and fellowship programs that are aligned with our mission to (1) foster advances in scientific research and discovery; and (2) to support advanced study by clinical and research professionals at accredited universities or training institutions.

Genentech CGNs are posted on the Genentech website (<http://funding.gene.com>) along with the website for the Society for Academic Continuing Medical Education (SACME). In addition, an email is sent out to all registered users of the Genentech Financial Request System (gFRS).

Consideration for grant support will focus on the following grant types and priority review will be given to applications that are aligned with Genentech's research priorities and therapeutic areas of interest, which include the following areas of growth hormone research:

- Studies of the genetic basis for the heterogeneity of human growth
- Studies of growth disorders in childhood
- Clinical, pathophysiologic, or translational studies in the area of growth hormone excess or deficiency

**Scientific Project Support**  
**Budget Up to \$265,000**

Scientific Project Support provides funding for general research, translational research, other research or development projects, and/or other initiatives of research organizations, labs, and academic institutions.

*Please note: research collaborations, clinical trials and associated correlative research involving or undertaken in relation to Genentech or Roche products (whether investigational and/or approved for other uses) are excluded from this type of support.*

**Fellowships**  
**Budget Up to \$50,000**

Fellowships are for grants to independent professional organizations, independent charitable organizations, or other eligible institutions, where the funds are used to support advanced study by clinical and research professionals at an accredited university or teaching institution. The fellowship program must be ACGME accredited.

Information regarding therapeutic areas of interest to Genentech may be found in the FAQs section at <http://www.gene.com/gene/about/community/faqs.html>

### **Eligibility Criteria**

Applicant must be registered on the Genentech Financial Request System (gFRS).

### **Submission Instructions**

Submit applications online through gFRS, which can be accessed via <http://funding.gene.com>. When submitting the application, please ensure the following are completed:

1. Select *Endocrinology* as the Therapeutic Area, and *Growth Hormone Disorder* as the Disease State.
2. Include “**CGN Growth Hormone 04/13**” in the Program Title of the grant application
3. Complete ALL sections of the online grant request form
4. Upload all documentation as requested by the system.

### **Deadline for Submission of Application: May 22, 2013**

Please note: Requests must be submitted at least 60 days prior to the project/program start date.

### **Award Decision Date/Mechanism**

Approvals and denials will be communicated via standard grant-submission means (email notifications) no later than **June 21, 2013**. *There has been no pre-determined approval, nor any preferred organization identified. All submissions will be reviewed thoroughly.*

### **Genentech’s Grant Decision Making Criteria**

Please refer to the publicly available criteria, which can be found at <http://funding.gene.com>.

### **Terms and Conditions**

1. All grant applications received in response to this CGN will be reviewed in accordance with all Genentech policies and policy guidelines.
2. This CGN does not commit Genentech to award a grant or to pay any costs incurred in the preparation of a response to this request.
3. Genentech reserves the right to approve or deny any or all applications received as a result of this request or to cancel, in part or in its entirety, this CGN.
4. For compliance reasons, and in fairness to all applicants, all communications about this CGN must come exclusively to Genentech’s department for Medical Education & Research Grants. Failure to comply will automatically disqualify providers.
5. Failure to follow all instructions within this CGN may result in a denial.

### **Transparency**

Genentech, at its sole discretion, has the right to disclose the details of the supported activities and support provided, including those that may be required by federal, state, and/or local laws and regulations. The information may be disclosed to the public in a manner including, but not limited to, disclosure on the Genentech website.
