Who We Are

At the Roche Group, about 80,000 people across 150 countries are pushing back the frontiers of healthcare. Working together, we've become one of the world's leading research-focused healthcare groups. A member of the Roche Group, Genentech has been at the forefront of the biotechnology industry for more than 30 years, using human genetic information to develop novel medicines for serious and life-threatening diseases. The headquarters for Roche pharmaceutical operations in the United States, Genentech has multiple therapies on the market for cancer and other serious illnesses. Please take this opportunity to learn about Genentech, where we believe that our employees are our most important asset and are dedicated to remaining a great place to work.

The Position

This position may be filled at an Associate Contract Manager or Contract Manager level.

The Managed Care Contracts Group manages the contracting process from development of an account-centric contract strategy through execution of an agreement. The Associate Contract Manager, Managed Care Contracts develops, drafts, analyzes, negotiates and gains the necessary approvals for the assigned managed care accounts and contracts.

- Works closely with Contract Managers and other internal partners in reviewing customer contract needs, requirements, etc. in alignment with GNE contracting strategies, business objectives, and other contract conditions
- Conducts various analyses and modeling of appropriate contract terms and reviews with key internal partners/stakeholders
- Obtains all appropriate and required internal reviews and approvals for contract terms and provisions
- Develops language and drafts contracts and related documentation
- Responds to various partner/stakeholder questions, inquiries, requests for clarification, etc. regarding contracts and terms/conditions or other items

- Ensures execution of approved and finalized customer contracts; including timely and accurate hand-off to other internal partners/stakeholders
- Monitors existing customer contracts using approved performance methodologies, tools, etc.; includes identifying and recommending opportunities for improvement
- Ensures all contract data and information is appropriately entered into relevant systems/databases
- Complies with all laws, regulations and policies that govern the conduct of GNE activities
- Business travel, by air or car, may be required for regular internal and external business meetings

Who You Are

- Bachelors Degree (general business, managed health care, legal or finance disciplines are preferred)
- MBA or other related graduate-level degree is preferred
- 3 or more years' previous work experience
- 1 or more years' previous experience in contract administration, contract development, legal, finance, and/or experience in pharmaceutical/biotech or related industry
- Demonstrable knowledge of, or aptitude to learn, current policies and guidelines that affect contracts, pricing, rebates etc. in the managed care environment
- Must demonstrate a high level of proficiency with Microsoft Office
- Proven track record of meeting or exceeding objectives & goals

Genentech is an Equal Opportunity Employer.
