Provider Webinar: Roche-Genentech Independent Medical Education Grant Request Update

- When: November 5, 2009, 1:00 PM PT and November 9, 2009 11:00 AM PT
- What: Webinar
- Who: All providers and Independent Medical Education (IME) stakeholders who have registered through the Genentech Independent Medical Education Department (IMED) Grant Management Application (GMA) or the Roche Medical Education Department Grant Management System (GMS)

As part of the Roche/Genentech integration, Roche and Genentech are merging their respective independent medical education departments into the existing Genentech Independent Medical Education Department (IMED). Effective November 2, 2009, the grant management tool for the combined organization will be the IMED Grant Management Application (IMED GMA).

IMED is conducting a webinar that will provide information regarding the integration and will outline relevant changes in the process for those wishing to request independent medical education grant funding from Genentech. Members of IMED will be available to answer your questions.

Webinar Learning Objectives:

- Answer frequently asked questions regarding the merged Roche/Genentech medical education departments
- Outline the process required for submitting grant requests through IMED
- Provide direction to Providers who received independent medical education grant support from Roche prior to November 2, 2009 and whose programs are currently underway or reconciling
- Explain the resources that are available for additional information on any aspect of the process

Topics include:

- What therapeutic areas does the combined IMED support?
- What if I still have an educational activity underway that the Roche medical educational department supported?
- What is the Genentech process for applying for IME grant support and does it differ from Roche's former process?
- What is required post grant approval relating to program implementation and grant reconciliation?

How To Register:

Thursday, November 5, 2009 1:00 pm Pacific Standard Time (GMT -08:00, San Francisco)
