**PRODUCT ANNOUNCEMENT**  
**BONIVA® PFS 3MG/3ML**  
(ibandronate sodium) injection  
**PACKAGING CHANGE**

Dear Customer:

Effective immediately, the Boniva® Single-Use Pre-Filled Syringe, 3mg/ml 1's (NDC 0004-0188-09) packaging has changed to be aligned with Roche global packaging as previously communicated. The inner pack has been removed, and the packaging dimensions and weight have changed. Consequently, the case quantity has increased from 24 to 36 units per case, and pallet count has increased from 16 to 30 cases per pallet. Please adjust your systems to reflect the changes in case and pallet quantity and the unit and case dimensions.

**Please continue to use all existing stock of Boniva® Single-Use Pre-Filled Syringes until your inventories have been depleted as this change does not affect the product. Returns to reduce inventory will not be accepted.**

For additional information, see the enclosed wholesaler fact sheet.

We thank you for your support in implementing this change. If you have any questions, please contact your Roche Trade and Professional Relations Manager or the Roche Order Fulfillment Department at 1-800-526-0625.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick A. Cofone".
