

February 15, 2006

**Product Deletion**  
**FORTOVASE<sup>®</sup> (saquinavir)**

Dear Customer:

Effective immediately, Roche Laboratories Inc. has discontinued manufacturing FORTOVASE<sup>®</sup> (saquinavir) Capsules, 200 mg bottles of 180 (0004-0246-48).

Please continue to sell all existing stock of FORTOVASE until your inventories have been depleted as returns to reduce inventory will not be accepted.

Roche will continue to sell INVIRASE<sup>®</sup> 500mg Tablets (saquinavir mesylate) NDC (0004-0244-51) and INVIRASE<sup>®</sup> 200mg Capsules (saquinavir mesylate) NDC (0004-0245-15).

As a reminder, in October 2005 we asked that you please implement the following procedures:

- Maintain and distribute all inventory of INVIRASE 500mg Tablets until six months prior to its expiry dating, and do not return the product before this time.
- Adjust your electronic systems to accept INVIRASE 500mg Tablets and FORTOVASE with expiration dating of less than twelve months.

We ask that you notify your customers and all appropriate personnel within your organization of this change.

Roche Laboratories thanks you for your continued support and assistance. If you have any questions, please contact your Trade and Professional Relations Manager or call our Order Fulfillment Organization at 1-800-526-0625.

Sincerely,

Patrick A. Cofone  
Director, Trade and Professional Relations
