

November 1, 2007

**PRODUCT ANNOUNCEMENT**  
**ROCEPHIN® (ceftriaxone sodium) FOR INJECTION**  
**PACKAGING CHANGE**

Dear Customer:

Effective immediately, the vial size and packaging of ROCEPHIN® 500mg VIAL (NDC 0004-1963-01) Box of 10 and ROCEPHIN® 500mg VIAL (NDC 0004-1963-02) Box of 1 are back in stock and have changed to be aligned with Roche global packaging as previously communicated. The Rocephin® vial size has changed to a 15mL vial; however, there is no change to the Rocephin® fill quantity. Similarly, the packaging of ROCEPHIN® 1gm VIAL (NDC 0004-1964-01) Box of 10 and ROCEPHIN® 1gm VIAL (NDC 0004-1964-04) Box of 1 have been changed to be aligned with Roche global packaging as well. The new Rocephin® vial cap will be green for the 500 mg vials *and continue to be gray* for the 1gm vials with the Roche logo present. These products are currently all being shipped with a minimum of twelve months dating.

Consequently, the case quantity for the ROCEPHIN® 500mg VIAL Box of 10 and the 1gm Vial Box of 10 have been increased from 36 to 60 units per case. Please adjust your systems to reflect the change in case quantity and the respective SKU and case dimensions. There is no change to the case quantity for the ROCEPHIN® 500mg VIAL Box of 1 or the 1gm VIAL Box of 1.

Please note: The vial graphics on the corresponding external package will reflect the green and gray cap colors. There is no change to the NDC numbers.

**Please continue to use all existing stock of Rocephin® Vials until your inventories have been depleted as this change does not affect the product. Returns to reduce inventory will not be accepted.**

For additional information, see the enclosed wholesaler fact sheets.

We thank you for your support in implementing this change. If you have any questions, please contact your Roche Trade and Professional Relations Manager or the Roche Order Fulfillment Department at 1-800-526-0625.

Sincerely,

Patrick A. Cofone  
Director, Trade & Professional Relations
