# INTRODUCING THE GENENTECH PATIENT FOUNDATION

The Genentech® Access to Care Foundation is now the Genentech Patient Foundation.

**We are still focused on giving free Genentech medicines to patients in need, but we made some changes to provide better support:**

- Simplified our eligibility so **patients and those who care for them** understand who qualifies
- Streamlined our processes to get patients the **medicine they need, quickly and simply**

To be eligible for free Genentech medicine from the Genentech Patient Foundation, insured patients who have coverage for their medicine must have exhausted all other forms of patient assistance (including Genentech brand-specific co-pay cards and support from independent co-pay assistance foundations) and must meet certain financial criteria. Uninsured patients and insured patients without coverage for their medicine must meet different financial criteria.
